massage bed in the master bedroom. She stated that he struck her behind the head with a green apparatus located next to the massage table. I proceeded to the master bedroom where I observed a green electronic massager about 18 inches in length laying on top of a massage table slightly covered by a purple blanket. The massage table was located parallel to the south wall by the master bedroom entrance. The master bedroom is located on the northeast side of the residence.

I retrieved the electric massager using my leather gloves to show and confirm with Hanna if it was the same object Yozef used to hit her on the back of her head. When I showed Hanna the massager, she began yelling yes multiple times. She confirmed that it was the same object Yozef used to strike her behind the head. I secured and later impounded the electric massager as evidence.

Yozef was subsequently arrested by Officer Bailey, and Hanna was transported to Honor Health Thompson Peak Pkwy with injury to the back of her head. Please see other Officers supplements for further.

I secured and remained at the residence for photographs to be taken of the scene.

Please see other supplements for further.

This concludes my involvement in this incident.

### Supplement Notes

On 11/16/2018 at approximately 1220 hours I was dispatched to [REDACTED] in Scottsdale reference a family disturbance.

Call comments stated that there was a female screaming in the background and that someone was having a psychotic break. Medical attention was needed and that her husband had tried to kill her. There was bleeding from the head and that the husband stated he needed an ambulance.

#### ARRIVAL=====

I arrived in a fully marked patrol vehicle, wearing a regulation uniform, and my Axon on body camera. The residence is in a gated community, and the house sits on the northside of East Balao Dr. Upon arrival I made my way to the front gate. The gate led into a small courtyard and from the front gate, which was unsecured, I could hear screaming from inside the residence. A male, later identified as Jozef Miller, exited the residence and walked into the courtyard. He told me to come inside, furthermore, that his wife needed to be arrested. Officer Bailey #762 remained inside the courtyard with Jozef; see his supplement for further information.

I entered the residence where I could still hear a female, later verbally identified as Hannah Miller, screaming. She was walking from the kitchen, which is to the immediate left of the main door, and into the living room. I had her sit down on a chair to interview her. While initially appearing to calm down she then screamed again and grabbed the back of her head with her right hand. I briefly looked to see if she had any lacerations or blood, but nothing was seen. She told me repeatedly that her husband had tried to kill her. She was clearly in distress and any attempt to calm her was met with little success.

I told her that she needed to answer some of my questions and asked her what had occurred. She told me that she was getting a massage by her husband, who she identified as Jozef, and that he had hit her on the back of the head with a massage tool. She then started screaming again. Upon the arrival of the Scottsdale Fire Department I stepped away and let them evaluate her.

I conferred with Officer Bailey and he informed me that Jozef had made comments about wanting to kill her. I approached Josef and asked him to explain. He was uncooperative to my questioning but stated that he hears voices in his head. They were in German and Polish and that he was going to kill her (Hannah) and then take medication to kill himself.

I then heard from medical personal that Hannah had a large bump on the back of her head. Based off the injury to Hannah and statements made by both parties Jozef was placed under arrest (1242 hours).

#### HOSPITAL INTERVIEW=====

Hannah was transported to Honor Health Thompson Peak for evaluation; SFD number 18433923. I followed to the hospital for follow up.

Once at the hospital I interviewed Hannah again. This was recorded on Axon on body camera, but my audio digital recorder was not working. While there she relayed to me that they own the house located at [REDACTED]. They have been married for over twenty years and have no remaining children or family.

Throughout the morning she had no issues with Jozef. No abnormal statements were made, nor had there been any erratic behavior.

just before 1200 hours Jozef went to give Hannah a massage. She could not recall who prompted the massage but that this was a regular occurrence. The massage table is in the master bedroom and she was laying on her stomach. He was massaging her back with a massage tool, which she called a dolphin, and after a few minutes of this he stated, "I will kill you, it will be better". He then struck her multiple times on the back of the head with the tool. He kept stating "I am sorry" repeatedly and that he loved her. He also stated, "It is better if we die together" and that it was "better for both of them". He then stopped and walked out of the room and into the courtyard. She immediately got up and ran into the kitchen to call 911.

At no point did he try to hit her again. He did not go for the gun located in the safe or any other weapon.

While relaying this information Hannah again to become upset over the situation. I asked if she desired PCIS and she would want to talk to them.

#### RETURN TO THE RESIDENCE=====

Once she was released from the hospital her friend Elizabeth Bidula [REDACTED] transported her back to the residence.

Once back at the residence CSS arrived to photograph the scene and Hannah consented to having Jozef's handgun impounded for safekeeping.

I conferred with Anthony Pagliuca #B1387 who informed me that he would be involuntarily committing Jozef to statements made.

Aggravated Assault (DV)

SPD DR #18-24820

Detective B. Bailey #762

On 11/16/18 at approximately 1219 hours, I was working in the capacity of a patrol officer while wearing full regulation uniform and driving a fully marked patrol vehicle when I was dispatched to a family fight call for service at [REDACTED], Scottsdale, Arizona. Comments added to the call noted that the initial caller was a male subject with a female subject screaming in the background. The male mentioned he was having a "Psychotic Break". There was a disconnect in the phone line with another call from a female subject who stated that her husband had tried to kill her.

At approximately 1227 hours, Officer S. Klay #1483, Officer F. Lerma-Trillo #1460, and I arrived on scene. As we approached the residence I observed there was a metal gate to the left of the garage that led into a large enclosed courtyard. The courtyard appeared to separate a guest suite/room from the main residence. There was a separate front door in the courtyard the provided access to the main residence.

A male subject later identified as Jozef Miller (DOB: [REDACTED]) exited the open front door into the courtyard as I followed the other Officers through the open metal gate. I asked the male subject to come speak with me while the Officers responded to speak with a female who was screaming inside the residence. The female subject was later identified as Jozef Miller's wife, Hanna Miller (DOB: [REDACTED]).

I asked Jozef if he had any weapons and he stated that he did not. I then patted him down for weapons and as I did he immediately stated that I should arrest him. Jozef stated that he hears voices and had tried to kill his wife. He stated he hit her in the head. Following these initial statements, I activated a digital recorder I had in my left front shirt pocket. Jozef continued to talk about how he wanted to kill her and then take pills to take his own life. I asked him what he hit her with and he described a device used for massage that you hold onto. He stated he hit her a couple times and tried to kill her.

Jozef became emotional as he explained that he hears voices in his head that try and talk to him. He stated he can't handle the voices anymore. He stated that he wanted to go to prison and die. I asked if this has ever happened before and he stated that it had not.

While I spoke with Jozef I observed a laceration to the palm of his left hand with fresh blood. I asked him what happened to his hand. He stated that he was not sure. I asked if he was left or right handed. He stated that he was right handed and told me that it was not from the assault. He continued to state that he did not know what happened to his hand.

Following my contact with Jozef I spoke with Officer Klay so that we could discuss the statement made by the two parties involved. Officer Klay confirmed that Hanna provided the same information in regard to the assault. Officer Klay did not observe any injury to Hanna; however, she complained of pain on her head from where he had struck her. The Scottsdale Fire Department had been dispatched to the residence to further examine Hanna.

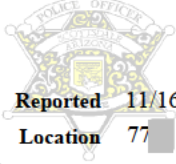

Following my contact with Officer Klay, Jozef was asked what the massage device was that he used to assault his wife. Jozef described a "dolphin" shaped massage device that was in the bedroom. Jozef was asked when the incident occurred. He stated that

it happened sometime after 1200 hours. Jozef then described that if his wife had died he would take pills to take his own life. I asked Jozef if he took any pills and he stated that he did not.

At approximately 1242 hours, I placed Jozef under arrest while he was seated on a chair in the courtyard. I handcuffed Jozef, double-locked to the rear, and escorted him to my patrol vehicle. While walking to the vehicle, I asked Jozef if there were any weapons in the residence. He stated there was a gun secured in a safe inside the residence. That information was passed onto Officer Klay who remained on scene. While at my patrol vehicle I conducted a search of Jozef's person. I removed his wallet with various items from his right front pocket. I then placed Jozef in the back seat of my patrol vehicle and utilized two seatbelts to secure him for safety.

I transported Jozef to the Scottsdale Police Department's District Two Detention Facility along with his wallet. I then met with Jozef in a designated interview room at the facility where I conducted a digitally recorded interview. The following is a summary of that interview:

At approximately 1335 hours, I read Jozef the Miranda Warning from a department issued card. Upon completion, I asked him if he understood his rights. Jozef replied, "Yah, but I don't need attorney I'm guilty officer, no attorney, I'm guilty I told you, I have sickness like I told you at my house. He stated that he wanted to die "honest to god".

Based on the fact that Jozef's first language is Polish, I told him that I wanted to make sure he understood what I had read and his rights. He stated that he understood and reiterated that he did not want an attorney. He stated he was guilty.

I began the interview by confirming Jozef's personal identifier information for the booking. During this time, he advised me that he is not a US Citizen. He told me that he had a Green Card with no expiration. He later confirmed that his wife, Hanna, was born in Poland as well; however, she had gained her US Citizenship.

I then asked Jozef if he could start over and tell me what happened at his residence that day. He started by describing the voices he hears in his head. He stated, "Like I told you, I wanted to kill her" He talked about if he was going to leave this world they would go together.

I asked Jozef who had called 911 earlier that day. He stated they both called. He stated that he called first and then his wife. I then asked him to describe what happened prior to the call. I asked about the massage and if he had already started to think about assaulting her. He explained that he had been thinking about killing her and then himself for a long unknown amount of time. I asked if she or he initiated the massage. He stated that she had asked for him to help her with her back and the massage. I asked how long the massage was. He guessed approximately ten minutes. He confirmed that during the massage was when he decided he was going to assault his wife.

I asked if he had ever tried to kill his wife before. He stated that he had not. I asked if he had ever talked about doing with with anyone. He stated he had not. I asked if he had spoken with a psychiatrist about his feelings. He told me the doctors don't help or cure with his sickness, they just give him medicine. The medicine doesn't make magic and there is no cure for his sickness.

I asked which room the massage and incident took place. He told me she was lying down prone on the master bedroom bed and he was standing next to her massaging her lower back. He described how his wife's head was to her side and struck the other side of

her head above her ear. Jozef could not recall which side of the head or how many times he hit her. He stated that he tried to kill her.

I had Jozef describe the device he used to assault his wife. He called it a "Dolphin", beige in color, made of plastic, and it was electric operating off a plug. I asked if it was heavy and he stated it was not bad.

I asked Jozef if he said anything after he struck her in the head. He stated that he did not. He described how she was screaming. I asked what he did when he was done striking her. He thought he put the device down on the floor. He told me that at that point he told his wife that he wanted to kill himself.

I concluded the interview with asking Jozef about the gun at the residence. He stated there was a gun that belonged to Hanna's son. He did not know much about it, but it was in a small locked box that she had the key to. He stated there was no ammunition for the firearm.

I concluded my interview with Jozef by telling him that he would need to speak with a Doctor while he remained incarcerated. He reiterated that he did not want to speak with a Doctor. We then talked further about his voices. He confirmed that the voices don't tell him to do anything. They just talk to him like they are watching him and want him to know they are watching. The voice will also talk negatively to him with bad language. The voices are often in various languages, some of which he is not familiar with. He did confirm that he spoke approximately four languages.

I asked Jozef what medications he was taking. He told me that he did not know because his wife provided them to him.

That concluded my interview with Jozef.

The digital recordings of my interviews with Jozef were uploaded into the Scottsdale Police Department's Evidence.com account.

Following my interview with Jozef I booked him under the following charges:

On 11/18/2018 at approximately 1230 hours I returned back to [REDACTED] to conduct follow up. I arrived in a fully marked patrol vehicle, wearing a regulation uniform, and my Axon on body camera.

Upon arrival I went to the front gate and rang the bell. Hannah Miller came to the gate and I asked how she was doing. She informed me that she still felt pain and gestured to the back of her head. I asked her if more bruising had occurred and she told me it had. Bruising was evident on the back of her hands and around her left eye.

I asked her if she was willing to have photo's taken by a crime scene specialist to show the progression of the injuries and she agreed. While waiting for CSS Hannah's friend Elizabeth arrived. Elizabeth informed me that she had been checking in on Hannah and had brought her back to the hospital on Friday 11/16/2018. Hannah had a CT scan completed and is only showed bruising and no further injury.

I remained on scene until CSS completed their photo's; see their supplement for further information.

### Supplement Notes

On 11/16/2018 I was working as a detective in the Domestic Violence Unit when I was contacted by Sgt T Galbrith. I was asked to come assist with this investigation. I responded to the address and spoke with the victim. She stated that she was willing to have PD come in and photo the scene and take the firearm in the closet. She signed a consent form for the photos. She provided the key and the location of the safe. Inside was a handgun that she identified as the only handgun in the home. She said there is no ammo for the firearm in the home and said the firearm is not functioning. It was impounded for safety.

I later was notified that the County Atty Gilbert-Fergusson was reviewing the case. She emailed Det Bailey that the case is being turned down for no likelihood of conviction. This case is being long formed to the City of Scottsdale for assault and DC and threats.
